6 Trends on the Rise Right Now

4 Snap Judgments

If you're seeking confirmation that you and your man are meant to be, upload your photos to CanDoBetter.com, where people decide if you're good together...or if one of you is too damn cute for the other.

"Did you get my tweet?"

5 Eye-Gazing Parties

Singles in cities from San Francisco to Washington, D.C., are gathering to lock eyes with members of the opposite sex for two straight minutes—without saying a word. Organizers swear it sparks sexy connections and makes chatting easier afterward.

1 Sexy Shirdresses

To ace this smart-hot date look—all business casual up top, all NSFW below—slip into a button-down shift with a flirty hemline. Cinch it at the waist with a contrasting belt.

Look into his eyes...for 120 seconds.

2 WHAT'S NOT SO HOT

Loaded Accessories

Dear Bai Ling,
Just when we were getting used to your peekaboo tops and post-age-stamp skirts, you had to take the phrase *dressed to kill* way too far. Here's a tip: Firearms don't go with...anything.

Sincerely,
Cosmo

The ammo is in her other bedazzled vest.

Breathe some fresh-brewed air.

3 Inhaling Your Coffee

Invented by a Harvard engineer and sold at LeWhif.com for about \$2 each, new inhalers deliver java- or chocolate-flavored air to curb cravings sans calories. Bonus: The coffee-infused puffer is caffeinated.

6 Refusing to Be Fake

Researchers at Ohio State University recently found that people who are true to themselves aren't just happier; they also experience deeper intimacy in romantic relationships. Hiding how you really feel? Spill it.
