Keep an eye out for these new pretzel products in your grocery store.

#### **Pretzilla Pretzel Bites**

From the company that brought you [Soft Pretzel Burger Buns](#) comes Pretzel Bites! The snack-size version of the buns, sold with cups of cheese for dipping, are set to hit shelves this summer.

### Pressels

Pressels married our favorite breakfast item with our favorite crunchy snack, creating a bagel-pretzel hybrid that's perfect for spreading cream cheese, scooping hummus, or sneaking one at a time until the whole bag is gone (whoops!).

### Rold Gold Pretzel Thins

A pretzel that can be dipped, popped, or topped? So long, crackers!

### Stacy's Pretzel Thins

Stacy's took a break from pita chips to come up with their own take on the thin-pretzel trend. Their Simply Naked flavor is just asking to be dressed with slices of pepper jack and cheddar.

### Pretzel Crisps Minis

Even the *original* cracker-thin pretzel is getting a makeover. Bite-sized versions of these snacks hit stores earlier this year. If you're a fan of the classic cheese-and-cracker combo, their Cheddar-flavored minis make for a great on-the-go alternative.

### Fatty Sundays Pretzel Brittle

This may be the first time you open a bag of pretzels and *aren't* sad to see a bunch of broken pieces. These pretzel bites are made from pretzel remnants smothered in chocolate and covered with colorful sprinkles.

### BarkTHINS Snacking Chocolate

This sweet-yet-salty snack started popping up in supermarkets last September, and continues to make its way into more grocery stores. Pack these snacking chocolates in your bag for a quick, afternoon pick-me-up.
