FOR THE WELL-HEELED

Clio Restaurant

Todd Maul has long been one of Boston's biggest bartending stars, and now, after the Clio remodeling, he has a proper stage for exhibiting his techniques.

A smoker, a rotary evaporator and a sugar-cane extractor are all behind an expanded bar, which now offers some wiggle room along with fancified snacks. Daintily fork your way through bone marrow with pickled ramps or a truffle "pot pie," while Maul gets out the power tools and stirs you up a cocktail in a coconut.
