Treat yourself to these amazing hair & beauty finds—you deserve it!

< Curls can be especially challenging to style, so get things off on the right foot with **Aveda Be Curly Style-Prep**. Work a little into damp hair, and it moisturizes and seals the cuticle, giving curls more definition as well as providing all-day frizz relief. It's also very lightweight, so it won't get in the way of your curls' bounce; \$24, aveda.com and Aveda salons.

> Before you head out tonight, slip a **Smashbox Limitless Lip Stain & Color Seal Balm** in your purse. On one side, you'll find a bold, long-lasting stain. On the other, there's a matching balm that hydrates and locks in color. Wear them together or separate, depending on how strong a statement you want to make. Available in six vivid shades; \$23, smashbox.com.

< What could be more classically feminine than a fresh, floral scent? **Marc Jacobs Daisy Purse Spray** contains notes of strawberry, violet leaves and petals, ruby red grapefruit, gardenia and other sweet, girlish fragrances, giving it a whimsical yet sophisticated vintage vibe. You can take the .68-oz bottle wherever you go, and it even comes with an eau de toilette refill; \$45, sephora.com.

< Your guy can create the cool style he craves with **Dirty Hair Styling Cream** from **Gorilla Perfume** at **LUSH**. It conditions and softens locks while providing firm hold, so strands stay touchable but in-place. The cream also provides a "wet" look and contains zero animal products. And you'll both love the spearmint, tarragon and sea salt scent; \$12.95, LUSH stores and lushusa.com.

> Get the benefits of a luxurious spa treatment without leaving your own bathroom! **The Body Deli's Egyptian Date Sugar Scrub** is made with extra-fine grain sea salt and nutrient-heavy essential oils to gently exfoliate, smooth and heal the skin. But best of all, the dates in the formula provide a mega dose of antioxidants, giving your skin another level of protection; \$32, thebodydeli.com.
