Sweeping Fringe

>>Lead stylist and owner of **SalonCapri** salons near Boston, **Nicholas Penna, Jr.**, shares how to create this new fringe.

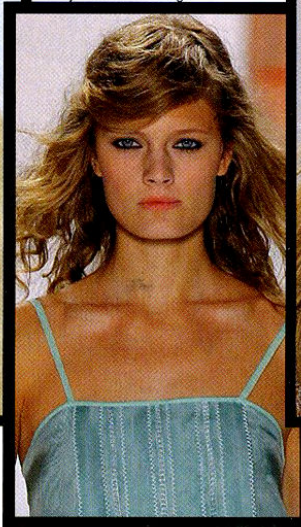

Try it: Blow dry the hair using a texturizing cream. As the hair begins to dry, scrunch to add natural wave. When dry, separate about four inches (in width) of hair from the front of the head. Using a natural bristle round brush, bring the hair across the forehead to create the swept look. Use small bobby pins to help secure the bangs.

NAHA Adds Newcomer Stylist of the Year

>> The North American Hairstyling Awards (NAHA) has added a new category for 2012: **NAHA Newcomer Stylist of the Year**. To qualify to enter, the entrant must be a licensed cosmetologist with less than three years of professional experience. The new category seeks to recognize a rising talent in the professional hair styling industry and is meant to bridge the gap between Student Hairstylist of the Year and Hairstylist of the Year.

TO ENTER: A collection of three images must be submitted. Judging will be performed by the same level of internationally renowned stylists who currently judge all NAHA categories.

DEADLINE: Applicants can submit their entries online or through the mail. All entries must be received by February 9, 2012.

NAHA is part of PBA Beauty Week hosted by Cosmoprof North America. The 2012 NAHA Ceremony will be held July 22, 2012 at the Mandalay Bay Resort in Las Vegas, Nevada. For more information on categories and entry details, visit probeauty.org/naha.
