FRAMINGHAM MAN IS REGIONAL TECHNICAL DIRECTOR
OF HAIR CLUB FOR MEN AND WOMEN

I'm the regional manager for all of the stylists. So in addition to styling, if anyone has a question, they come to me and I help them out. I also do training. I work in Southborough, but travel to all the different centers in the New England area to make sure everyone is doing their work the same. That way, it guarantees that the quality of work is there. It's great because all day long I get to help people look good. Once they get their hair, they want to look like they did before they lost it. By doing that, you can see their whole aura change. They are more confident. It's good to see that. Unfortunately, it's their self esteem that's affected when some-

one loses their hair, and I get to help them get that back. As a stylist, it's very fulfilling. One of the main satisfactions we do here that hits home is helping children who have lost their hair, mostly because of medical treatment. We offer what we call "Hair Club for Kids."

What is your favorite television show on the air now and why?

"Lost." I love the whole entertainment factor of it. When I watch movies, I don't like too much reality. I like to be entertained – to be lost in it.

What is your favorite local restaurant for dinner and why?

It's a tie. I like Firefly's and Nob-

scot's Cafe. They are both in Framingham. I love the barbecue at Firefly's and Nobies has the best seafood. It's a local hangout where everybody knows you. There aren't many places in Framingham like that. It's not a chain and that makes such a huge difference.

What brings an instant smile to your face and why?

Thinking of the beach – any beach – as long as it has blue water and sunshine.

What's your favorite season and why?

Summer because of the warmth and being outside and enjoying the weather.

What's your dream vacation and why?

A Mediterranean cruise to Greece and Italy. I'm from Europe. I was born in Portugal and I want to go back to visit.
