TEST-DRIVE YOUR MAKEOVER

The free YouCam Makeup app makes it easy to see how you'd look in different shades and applications from the biggest beauty brands — and then buy what you like directly on the app. Bonus feature: As **Chrissy Teigen** demonstrated in a recent Snapchat (left), YouCam also helps you take a perfect selfie!

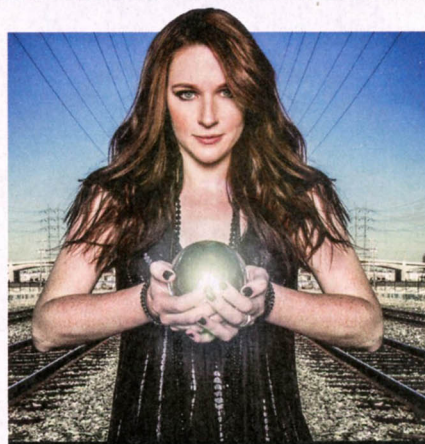

OK! STAR SPOTTING

Jaime King attended the Ovarian Cancer Research Fund Alliance's third annual Super Saturday L.A. presented by Chrysler on June 11 at Barker Hangar in Santa Monica, Calif.

DRAKE'S NEW DRINK

Grammy winner **Drake** has teamed with expert spirits producer **Brent Hocking** to create Virginia Black Decadent American Whiskey, a rich, mellow liquor that's a smooth-drinking 80 proof. "We believe everyone should have access to glamour, swagger and soul," Brent says of the brand — which makes it the perfect accompaniment to a Drake soundtrack.

ZEN AND NOW

Everybody is Kung Fu fighting in **Laura Michelle's** video for her single "Chuck Norris," a whimsical pop anthem about unleashing the martial arts master within us all. Check out the video, which features the iconic actor himself — a deep source of bonding and inspiration for Laura and her late father — at lauramichelle.com/ok.
