## A FOUNDATION THAT COVERS AND CORRECTS

Reduces hyperpigmentation by slowing down melanin production with **vitamin C**.

### WHAT THE EXPERT SAYS

"Vitamin C is an antioxidant that scavenges free radicals. It helps with skin brightening, wound healing and collagen synthesis," says Sarah Burns-Eggenberger, author of *Guide to Product Selection* and acting president of the Advanced Aesthetic Education Association.

Reduce the appearance of age spots, dark patches and acne scars with **Clinique's Even Better Makeup SPF 15**. The oil-free liquid foundation contains a highly active vitamin C complex, mushroom yeast extract, natural grapefruit peel and vitamin E to help "break up" melanin clusters, making discoloration less visible over time. **\$24.50, [clinique.com](http://clinique.com)**

"A LITTLE OF THIS FAST-DRYING, FULL-COVERAGE FOUNDATION GOES A LONG WAY."

## SUN-SHIELDING LIPSTICK

Offers lips full-spectrum sun protection with **zinc oxide**.

### WHAT THE EXPERT SAYS

"Sun and smoke age the mouth and enhance the lines more quickly," says Klein. "That is why SPF is so important."

Combining the staying power of a long-lasting lipstick with the moisture of a lip treatment, **Jane Iredale PureMoist LipColour SPF 18** contains antioxidants like grapeseed extract and zinc oxide to protect lips from sun damage. **\$19, [spalook.com](http://spalook.com). "WE LOVE THE NATURAL-LOOKING COLOR AND THE SUN-PROTECTIVE POWER OF THIS HYDRATING LIPSTICK."

## HYDRATING LIP TREATMENT WITH COLOR

Moisturizes and protects with **phytosterol ester**.

### WHAT THE EXPERT SAYS

"Phytosterol ester makes the formula soft, creamy and easy to apply," says Burns-Eggenberger.

Consisting of pharmaceutical-grade ingredients that are safe for use on all skin types, **glominerals gloRoyal Lip Crayon** is a rejuvenating lip treatment in a glossy formula. The high-shine stick uses plant-derived phytosterol ester, a skin-nourishing nutrient that helps protect against dehydration, to give lips an extra layer of moisture, and vitamins A, C and E to provide UV protection. **\$16, [gloskincare.com](http://gloskincare.com)**

"A CREAMY GLOSS IN PENCIL FORM THAT LEAVES LIPS WITH A POP OF SHEER COLOR WITHOUT ANY STICKINESS."

## ACNE-FIGHTING SKIN SMOOTHER

Fights acne by sloughing away dead skin cells with **salicylic acid**.

### WHAT THE EXPERT SAYS

"The salicylic acid, which is naturally derived from willow bark, helps prevent and heal blemishes," says Lee Graff, president and cofounder of Cover FX.

Perfect for oily and acne-prone skin, **Cover FX Clear Prep FX** is a powerful acne treatment in a paraben-free foundation primer. The lightweight gel offers salicylic acid to prevent pores from becoming clogged and willow bark extract (a beta-hydroxy acid) to kill bacteria and reduce sebum buildup. The solution, which can also be worn at night, also helps to facilitate blending and extends the wear of foundation. **\$39, [sephora.com](http://sephora.com)**

"GLIDES ON SKIN AND LEAVES IT FEELING SOFT AND SHINE-FREE, EVEN IN HOT WEATHER."
