by **Vanity Fair** 11:47 AM, OCTOBER 9, 2012

What better excuse for bright-pink nails in the fall than October—Breast Cancer Awareness Month? These little beauties are all for a great cause, so paint away and bring back some of those summery hues.

1. OPI's Sixth Annual **Pink of Hearts promotion** is a delightful duo pack: **I Think in Pink**—a classic OPI shade—along with the new **You Glitter Be Good to Me**. This year, OPI will donate \$25,000 to **Susan G. Komen for the Cure** and \$5,000 to **Rethink Breast Cancer** in Canada.

2. **Dermelect Cosmeceuticals** recognizes B.C.A. with the bright **Provocative** Peptide-Infused Color Nail Treatment, which helps to moisturize and strengthen nails while also providing a perfectly pink color. During the month of October, 30 percent of net proceeds of **Provocative** will benefit **CEW Cancer and Careers**.

3. Get your glitter on with **Orly's** trio BCA collection, **Pretty in Pink**. With three shades to choose from—**You Are Not Alone**, **Be Brave**, and **Embrace**—you can't go wrong. Twenty percent of the proceeds will go to **Cancer Schmancer**, an organization founded by actress and cancer survivor Fran Drescher.

4. This little limited-edition dynamic duo from **Ciaté** will look absolutely adorable on both your nails and your vanity table. In honor of B.C.A. month, Ciaté created these two colors, **Pinkaboo** and **Pinkalilly**, and 20 percent of proceeds will be donated to breast-cancer research.

5. The adorable **Sephora** Collection **B.C.A. Manicure Kit** comes with everything you need for a perfect mani/pedi. It's part of three pink products that Sephora is offering for the month of October, with a pledge of a minimum donation of \$10,000 to the **Breast Cancer Research Foundation**.

6. **Nails Inc's** **Paint Your Pinkie Pink** is perfect for the little girl inside all of our hearts. A Sephora exclusive, 10 percent of the sales of the polish will be given to the **Breast Cancer Campaign**.
