

# INTERIOR DESIGN<sup>®</sup>

MARCH  
2010

*the universe study*

A black and white photograph of two people standing in a futuristic, geometric interior space. The space is composed of large, dark, angular planes that create a sense of depth and perspective. The lighting is dramatic, with strong highlights and deep shadows. The two people, seen from behind, are standing on a light-colored floor that reflects the ambient light. The overall mood is mysterious and architectural.
